

16th Meeting of the INTOSAI Standing Committee on IT Audit: Muscat March 2007

Report on the Committee's Web Site: Paper by SAI-UK

1. This papers reports developments on the Committee's Internet Web Site (<http://www.intosaiiitaudit.org>) since the last meeting in Brasilia in May 2006.
2. During 2006, there were an average of 7,152 views per month, 85,821 for the whole year. The most popular single page on the site in 2006 was the Audit and Best Practice Guides. The "Top 10" pages are listed at the Annex
3. We aim to update the web site approximately every two weeks, and have added all material that has been sent to us by SAIs.
4. With regards to web site development and maintenance, since May 2006 we have:
 - Added Edition 24 of intoIT;
 - Maintained facilities to allow users to register interests;
 - Maintained the index of Committee member's web sites;
 - Continued to expand the list of reference material, including the e-government audit" database.
5. Updating involves cataloguing quality IT-related performance audit material that comes to our attention, and adding additional information resources that we believe will be of interest or use to IT auditors working in the public sector. We also carry out a review of the validity of our pointers to material held on other web sites from time to time and remove any links that are no longer valid.
6. The Committee is invited to note the improvements and additions to the web site, and to make suggestions for further improvements and the addition of new material.
