

**Viera Eiselova, Auditor
SUPREME AUDIT OFFICE OF SLOVAKIA**

26th of February 2001

Refer to Poland lead paper :

Auditing IT Investments – Resources spent on IT Projects and how to control them

I would like to be discusses during the seminar to be held in Ljubljana the questions:

- 1. Was your state information system which was developed from the budgetary funds and which is being used by the administration staff of the Ministry audited by your NIK ? Was some part of IS used for commercial purpose?**
- 2. Is it possible to exploit the state Information System for commercial purpose?**
- 3. Is such commercial use of Information system in accordance with your legislation?**

Thanks

Yours sincerely
